

## STUDENT GALLERY

\*A write up and pictures about their entire EA program or focus on one class. DEADLINE is 15th of month prior.

\*ALSO need a write up and display of a particular class project from the school. Be on the lookout for innovative and unusual projects. I.e. - Whitaker skateboard project, Judson health project. We are trying very hard to NOT have strictly art projects. It is important to show all the subjects - Math, science, history, shop, etc. This will entail them reaching out to different teachers and/or the principal.

Write ups for both need to be descriptive as to what the project is about and why they decided to do it that particular way. It also need info like class description, teacher name, grade level involved

I would really recommend not waiting on securing these projects - Get working on them now and it will be easier to secure them and have them ready by the time they are due. Also remind them that the point of this is to get public exposure for their school and EA program (sustainability) so, they should make sure to let parents know - get them down here!!

See and/or call Tyke with any questions!!

Jan. - **Parrish** - Student Gallery - Japanese project

Eblast - EA write up -

Feb. - **Grant** - Student Gallery -

Eblast - EA write up -

Mar - **Waldo** - Student Gallery -
